

GET TO KNOW ISRAELI INVESTORS SEEDING THE AG-TECH FIELD WITH OPPORTUNITIES

We are happy to share the 2019 addition of the Israeli Ag-Tech Investors map and booklet, portraying the local landscape of investors relevant to this field. The map includes both funds which are focused on Ag-Tech as well as funds which are cross-sectors but have invested in Ag-Tech companies or are entering this blooming field of investment.

We believe this map can act as a valuable tool for both for Israeli Ag-Tech start-ups looking for relevant investors, for global investors looking for co-investment opportunities and partnerships, and as a means for strengthening the ecosystem all together.

GrowingIL is a joint venture of Israel Innovation Institute, the Ministry of Economy, Digital Israel and Start-up Nation

Central. Our mission is to develop the Ag-Tech ecosystem in Israel as well as implement Israeli technologies in Israel. Among other things, we try to build trust, spread information and create special connections between the ecosystem stakeholders.

Start-Up Nation Central is an independent non-profit that builds bridges to Israeli innovation. We connect business, government, and NGO leaders around the world to Israeli innovation; we help develop technological sectors with high-growth potential; and we accumulate knowledge and generate in-depth insights about Israel's innovation sector.

The Israel Innovation Institute is a non-profit "think and do tank" bringing innovative technology and knowledge into real-world settings. The Institute enables and manages the development, testing, and the demonstration of scalable, innovative solutions to global challenges—indispensable fields such as Healthcare, Education, Transportation and innovation management.
